Endorsement of World Gateball Union Statutes

Background

The World Gateball Union published its statutes on 26th September 1986 and has since issued four revisions;

- 31st August 1999
- 31st January 2001
- 24th October 2017
- 1st April 2018

See [WGU Statutes Link](#) for the current version.

The ACA Board, acting as Gateball Australia considered these statutes at its meeting held 9th November 2022, endorsed and supported the WGU statute of one representative organisation per country.

Rationale

This statute:

- provides clarity to all WGU members of a country's principal Gateball organisation for official communication.
- assists with the processing of International Event Coordinator Network (IECN) documentation and Visa applications for players travelling to other WGU member countries.

A handwritten signature in black ink, appearing to read "Jim Clement".
