## **Treasurer's Report**

Financial statements for December attached.

There will be some minor adjustments before final year reports are complete. Increase in value of investments to be finalised, depreciation and possibly some outstanding 2019 amounts. The outcome will be at +\$50,000 for the year on trading. The investments have increased in value by over \$45000.

I have discovered one minor glitch; it appears that Affiliation fees for the past few years have been invoiced based on numbers of members taking the insurance package and not the total registered members. Suggest that we invoice the states for the discrepancy for 2019-20.

Don Close
